**1 DECEMBER 2023**

SAVE  
THE  
DATE

This course aims to train specialists on female pelvic medicine on the most important diagnostic tools in Urogynaecology: **Ultrasound and Urodynamics**.

The advanced technology of 3D/4D Ultrasounds as well as the modern Urodynamics equipment requires specific knowledge and training. The course will offer an advanced education on these diagnostic instruments.

**TARGET AUDIENCE**

Trainees and specialists in Gynecology, Urology, Abdominal Surgeons with special interest in Female Pelvic Medicine, Urogynaecology and Reconstructive Surgery.

**VENUE**

Fondazione Policlinico Universitario Agostino Gemelli IRCCS  
Catholic University of the Sacred Heart, Rome

The course is limited to a maximum of **60 participants**.

The official language of the course is English.
