LAPAROSCOPIC SUTURING & KNOTTING COURSE

THE STITCH UP

AIMS

The laparoscopic suturing course "THE STITCH UP" is a three-day practical intensive Course set-up, according to the European Academy of Gynaecological Surgery's standards, to give all specialists in surgical disciplines an opportunity to learn and practice the basic techniques of laparoscopic suturing.

Hands-on training, using the pelvic trainer to simulate different possible scenarios involving pelvic-endoscopic procedures, will be the core of this course along with theoretical lessons given by expert tutors.

Participants will be trained by using tested and certified practical exercises aimed specifically at the quick assessment of basic and suturing laparoscopic techniques in compliance with the European Academy of Gynaecological Surgery's format.

The constant supervision by expert and certified tutors will ensure the quality of learning, thus enhancing the final results. The assessment of the laparoscopic skills, learned during the course, will be tested by validated competitions and timed tests.

The GESEA Diploma

The European Academy of Gynaecological Surgery in collaboration with the European Society of Gynaecological Endoscopy (ESGE) has elaborated a diploma programme open to those who have a surgical background.

The GESEA (Gynaecological Endoscopic Surgical Education and Assessment) programme is based on the most innovative evidence-based medicine.

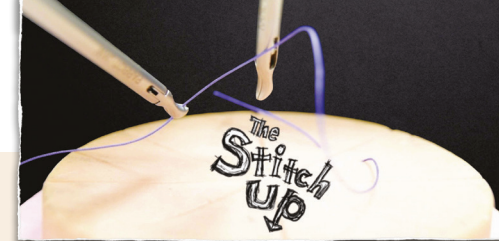

"The Stitch-up" course prepares those wishing to obtain the GESEA diploma. During the course, participants will have the opportunity to be tested by using the LASTT (Laparoscopic Skills Training and Testing) and SUTT (Suturing and knot tying Training and Testing) models used during the GESEA diploma testing. Our Simulation Training Centre for Gynaecology in Rome is officially accredited by the European Academy of Gynaecological Surgery for the GESEA Programme.

TOPICS

KNOTTING LAB
ROMEO'S GLADIATOR RULE
STITCHING
SUTURING
SUTURING LAB
URETERS BALLOONS

BLADDER BLOAT
CLINICAL APPLICATION
COMPETITION
ERGONOMY
HAPPY CHICKEN
KNOTTING

SCIENTIFIC PROGRAM

DAY 1	14.00	Registration
	14.30	Welcome & Introduction
	14.45	Presentation of the course
	15.00	LASTT Testing
	16.15	HANDS-ON: stitch up TEST
	16.30	Coffee Break
	16.45	LECTURE: ergonomy
	17.00	LECTURE: suturing
17.15	HANDS-ON Lab1: loading the needle and stitch	
.....		
DAY 2	09.00	LECTURE: running sutures
	09.15	HANDS-ON Lab2: stitch in camembert and Z line
	10.45	Coffee Break
	11.00	LECTURE: romeo's gladiator rule
	11.15	HANDS-ON Lab 3: knotling lab gladiator
	12.30	Lunch
	14.00	HAND-ON Lab 4: WARM UP!
	14.30	LECTURE: knotling alternative techniques
	14.50	HANDS-ON Lab 5: intracorporeal techniques
	16.00	Coffee Break
16.15	LECTURE: rules & tips of the extracorporeal technique	
16.30	HANDS-ON Lab 6: extracorporeal knot & cinch technique	
17.30	HANDS-ON Lab 7: stitching sequences	
.....		
DAY 3	09.00	LECTURE: GESEA PROGRAMME
	09.15	Freshen-up
	09.30	HANDS-ON Lab 8: running suture
	10.30	Coffee Break
	10.45	HANDS-ON Lab 9: happy chicken
	11.30	Suturing test 2
	12.00	HANDS-ON Lab 10: fine suturing
	13.00	Lunch
	14.00	Freshen-up
	14.15	HANDS-ON Lab 11: happy chicken II
	15.15	LECTURE: trouble shooting
15.30	HANDS-ON Lab 12: SUTT preparation	
16.00	Competition and Prize
