STRASBOURG UNIVERSITY

ON-SITE COURSE

OUT-OF-THE BOX GYNECOLOGIC CANCER SURGERY

ADVANCED COURSE

IN COLLABORATION WITH **POLICLINICO AGOSTINO GEMELLI**, ROME &
MEMORIAL SLOAN KETTERING CANCER CENTER, NEW YORK

DATE

April 11-13

COURSE DIRECTORS

N. Abu-Rustum (US)
C. Akladios (FR)
D. Chi (US)
A. Fagotti (IT)
D. Querleu (FR)
G. Scambia (IT)

ircad France

APRIL 11

OUT-OF-THE BOX GYNECOLOGIC CANCER SURGERY

12:45 am ○ REGISTRATION AND WELCOMING OF PARTICIPANTS

1:00 pm ○ PART 1 - EXTENDED INTRAPERITONEAL RESECTIONS

LIVE & THEORETICAL SESSION

Live video-anatomy - with interactive stop & go

Anatomical specimen dissection of the upper abdomen by a hepatic transplantation surgeon: anatomy of the coeliac area and porta hepatis, liver mobilization, subhepatic veins

Lectures - Extended abdominal resections

> Management of extensive peritoneal disease of small bowel and mesentery

> Removal of porta hepatis carcinomatosis

> Sanctuaries of pseudomyxoma in the upper abdomen

> Management of Glisson's capsule disease

> Indications and technique of non-anatomic liver resections

> Lessons from duodenopancreatectomy and gastrectomy

6:00 pm ○ END OF SESSION

APRIL 12

OUT-OF-THE BOX GYNECOLOGIC CANCER SURGERY

7:45 am ○ EVALUATION OF THE PREVIOUS DAY

8:00 am ○ **HANDS-ON SESSION**

Anatomical specimen lab: upper abdomen

12:00 pm ○ LUNCH AT THE INSTITUTE

1:00 pm ○ PART 2 - EXTENDED PELVIC AND EXTRAPERITONEAL RESECTIONS

LIVE & THEORETICAL SESSION

Live video-anatomy - with interactive stop & go

Anatomical specimen dissection of the pelvis with the participation of gynecologic oncologists and orthopedic surgeons, with emphasis on the anatomy of the pelvic sidewall

Lectures - Extended pelvic and retroperitoneal resections

> Laterally extended pelvic resections
> Laterally extended resections with bone resection
> Fixed presacral tumors, presacral bleeding management
> Input of vascular surgeon
> Fixed aortic nodes, suprarenal nodes
> Lessons from the surgery of retroperitoneal sarcoma
> Exenteration with pubic bone resection

6:00 pm ○ END OF SESSION

8:00 pm ○ DINNER IN HONOR OF THE PARTICIPANTS

APRIL 13

OUT-OF-THE BOX GYNECOLOGIC CANCER SURGERY

7:45 am ○ EVALUATION OF THE PREVIOUS DAY

8:00 am ○ **HANDS-ON SESSION**
Anatomical specimen lab: pelvis

12:00 pm ○ LUNCH AT THE INSTITUTE

1:00 pm ○ PART 3 - EVEN MORE OUT OF THE BOX AND INNOVATIVE PROCEDURES
THEORETICAL SESSION

Lectures - Extended extra-abdominal resections

> Soft tissue tumors of the abdominal wall and perineum
> Thoracic surgery issues : transdiaphragmatic lung surgery, thoracoscopy (VATS)
> Cardiophrenic nodes : the gynecologic oncologist perspective

Lectures - Minimally invasive approaches

> The place of minimally invasive surgery in advanced ovarian cancer, state of the art
> Minimally invasive procedures in advanced ovarian cancer, video lecture
> The potential of interventional radiology in the management of recurrent gynecologic cancer
> The potential of interventional endoscopy in gynecologic oncology
> Minimally invasive approaches to the mediastinum

6:00 pm ○ END OF SESSION
DELIVERY OF CERTIFICATES OF ATTENDANCE

This program may be subject to modifications.

COURSE OBJECTIVES

> To teach gynecologic oncologists the surgical principles and skills required to safely perform complex out-of-the-box gynecologic oncology surgeries
> To provide multidisciplinary contributions, incorporating the perspectives of other surgical specialists
> To perform hands-on practice on anatomical specimens in order to shorten and secure the learning curve in clinical practice
> To allow participants to actively interact with world-renowned experts

EDUCATIONAL METHODS

> Didactic lectures provided by multidisciplinary surgical specialists and world-renowned experts
> 2 half-days of hands-on practice on anatomical specimen
